

Youth Life Coaching Services

C.H.O.I.C.E Children Having Opportunities in Creating Environment

(The choices we make create the environment we find ourselves in.)

VISION

"YOUTH CHOOSING WELL"

MISSION

To provide youth life enrichment experiences that benefit their present and future spiritual, physical, educational, and social well being.

Camp CHOICE teaches:

"LIFE LESSONS" that build understanding of the human race, our physical world & how individuals find their way through life; guided by the gift of choice.

Several studies have shown that youth who report having faith in a higher power has a significant impact on their lives. Camp CHOICE works with individuals & groups of all faiths, or no faith.

Camp CHOICE Youth Life Coaching Services provides a CHOICE Advocate to work with youth ages 12-24 (may accept youth younger/older, depending on the circumstances) to help them explore their identity, family dynamics, present & future goals and navigate life's challenging elements.

We serve individuals and groups utilizing SMART goals and a point-based system to track progress.

Services are \$100 (individuals) \$500 (groups of 10/\$200 per additional member) per session

(financial assistance is available/sponsors needed)

The recommended timeline for maximum benefits is six months to a year.

Virtual and in-person options available

Expected outcomes include increased self awareness & esteem, personal success and enhanced interpersonal relationships.
